## Petition protests landfill...in wrong place

# Mistake raises residents' ire

**BELLE GLADE**—A mistake on the location of a proposed sanitary landfill had the residents of one part of Belle Glade up in arms over the weekend until the mistake was

pointed out Monday.

A total of 29 property owners in the southwest section of town, primarily those homeowners on Vaughn Circle in Sugar Sub-

division West, were notified by certified mail last week by the state that a solid waste disposal facility was proposed to be constructed within 1000 feet of their property.

The letter, signed by James T. Williams, chief of the state's Division of Resource Management's Bureau of State Lands, instructed the homeowners that if they objected to landfill, they should notify the bureau, which comes under the Florida Internal Improvement Fund, before 5 p.m. July 21.

The letter also included a legal description of the proposed facility site, which is actually to be located 6,200 feet from Vaughn Circle on the southern edge of the existing Belle Glade landfill.

A petition was drawn up by Dorothy Kendrick of 1241 Vaughn Circle, who distributed it over the weekend and procured the signatures of virtually everyone in the neighborhood.

The petition, protesting the location of a landfill in their neighborhood, was presented Monday morning to Belle Glade Public Works Director Ron Sigmon.

Sigmon said he consulted with landfill supervisor Roy Poling and City Building Inspector Kenneth Ritterer. Ritterer researched the legal description enclosed in the letters sent to the Vaughn Circle residents and found that while the description fits the location of the proposed landfill, there was approximately a mile and a quarter distance between the actual site and where the petitioners live.

Ritterer later said there is only one property owner he could verify within 1,000 feet for the proposed site, 36 acres of land which is intended to include a sanitary landfill, an incinerator and a mulch plant.

The facility is being planned by the Palm Beach County Solid Waste Authority, in conjunction with the county, and the cities of Belle Glade, South Bay and Pahokee.

By state law, any time a landfill, along with many other uses, is to be constructed on land within 1,000 feet of a property

owner, that property owner must be notified.

Kathryn Daniels, a land management specialist with the Bureau of State Lands, said she merely sent along the legal description in the letters to the Vaughn Circles. She said both the description and the list of property owners were furnished by the Solid Waste Authority, which had the description and the list drawn up by Florida Land and Title Co. in West Palm Beach.

Mrs. Daniels said she had been informed by someone at the Authority the mistake was made by the abstracting company. She said the state, which intends to lease the land to the Authority for one dollar per year, mailed certified letters to 29 property owners.

"We should get the corrected information today or tomorrow," Mrs. Daniels said Wednesday morning, "and we'll send out corrections to anyone who shouldn't have been notified."

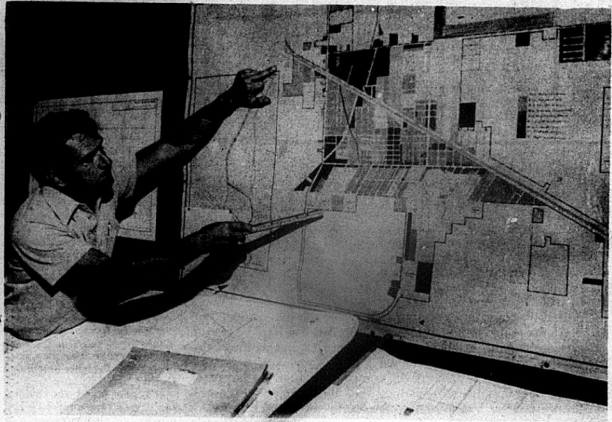

"I only hope we notified everyone we were supposed to have notified," she said, "otherwise, we'll have to re-advertise."

Mrs. Kendrick said Wednesday the people who signed the petition now realize there was a mistake but she wouldn't rest easy until she had officially been notified by the state.

In the absence of Solid Waste Authority Executive Director, Dr. Richard Ormon of the consulting engineering firm, Barker, Osha and Anderson who is doing the consulting work on the project, said he hadn't heard about the mistake as of Monday but he said Wednesday he was following up on it.

Ritterer, who confirmed for the city the legal description was correct, said the mistake probably was made by someone mistaking Rangeline 37 for Rangeline 36, which is included as part of the description.

If they used the wrong rangeline, Ritterer said, and everything else was correct, the landfill site would be "right in their backyards."

**BELLE GLADE** Building Inspector Ken Ritterer points out where the proposed solid waste disposal facility will be with his left hand and where the people who received the

notice from the state actually live. His left thumb is approximately 1,000 feet from the site actually proposed.

## Election dates set as city braces for campaign

**BELLE GLADE**—Would-be city commissioners will soon have a chance to make their move as the qualifying period for the Sept. 13 city election begins at 8 a.m. July 15.

City Clerk June Boglioli presented the election calendar for the 1977 election to the city commis-

sion last week and she said the qualifying period for anyone wanting to run for the three seats coming open is from July 15 through Aug. 24, with would-be voters having until July 30 to register.

Up for re-election, should they decide to run, are Commissioners Aubrey Farmer, William Grear and Kenneth Harris, representing, respectively, the North, West and East Boroughs.

The North Borough takes in all the area north of the Hillsborough Canal within the city limits. The West Borough includes all the city south of the canal and west of Main Street and the East Borough is that part of the city south of the canal and east of Main Street.

Anyone wishing to qualify must be a city elector within the borough he or she wishes to represent and must pay a \$25 qualifying fee.

Anyone who wishes to vote in the election but whose registration has lapsed or who hasn't registered, must do so at the Palm Beach County Glades Office Building on North Main Street before July 30.

Mrs. Boglioli reminded those who want to register that they can no longer do so at the city hall annex in McDonald Park.

First-time voters will have something in common with other city electors this year in that everyone will be using computerized election ballots for the first time.

Replacing the traditional mechanical booths will be smaller booths where the voters will insert punch cards into special holders, use a stylus to punch out holes in appropriately marked spaces and put the cards into ballot boxes.

The only persons in the area who have used the new technique in actual elections are students at Glades Central, Glades Day and Christian Day High Schools, where they were used to elect student council last month.

Sample machines are on display at all the area banks and at the Belle Glade Chamber of Commerce. The machine at the Chamber of Commerce will be shifted to the Belle Glade Library this week, possibly before press time.

Each sample machine has a sample ballot and cards which can

be used by anyone wanting to familiarize himself with the new see ELECTION P7

## NDP: answer to money woes?

**BELLE GLADE**—A skeptical but interested group of Belle Glade Rotarians heard a plan Tuesday which could be a partial solution to the nation's economic woes.

"I've got some bad news out of Washington," said Howell Allen of AND (Americans for the National Dividend), "but that's not the news in itself."

Allen said the bad news is that the nation is facing a major crisis caused by the national debt and commitments for the future but the good news is the National Dividend Plan (NDP).

He quoted former Treasury Secretary William Simon as saying that the U.S. Social Security system is only good for another six years unless major changes are made in the immediate future.

Allen also took on federal pensions, the national debt and future commitments. Between the three, he said the United States is in debt to the tune of \$7.5 trillion while the national wealth is worth only \$5.7 trillion as of the beginning of last year.

Even to fund the Social Security trust to the point of being economically feasible, he said, the entire gross national product would have to be poured into it for the next two years.

The alternative Allen offered was the National Dividend Program, a plan which would set a moratorium on new federal spending programs, set a 50 percent ceiling on corporate federal income tax, divert the federal corporate income tax, over a five-year phase-in period to the country's voters and eliminate double taxation on capital investments by requiring a tax to be paid on income by both

the corporation and dividends received from that corporation by the investors.

Allen stressed that AND, headquartered in West Palm Beach, doesn't claim the NDP is a panacea for all the nation's economic ailments but that it could offer some relief for the country's financial problems.

He said the plan would help the individual American by providing

an estimated \$750 "dividend" to every voter; would spur capital investment and work to deter inflation because the money distributed would be "real money, not printing press money."

"The dividends would be from profits earned by corporations," Allen stressed, "and that's money that is real. It wouldn't be inflationary."

He also said the money, rein-

vested into the economy, either by direct investment in stocks and bonds or by being spent by the families who would need it to stay financially solvent, would help the economy and reduce unemployment.

Rotarian Mendal Luke asked Allen if the plan would represent "just another bureaucracy" and Allen explained it wouldn't that the dividends would be distributed to the public by banks, after they had been allowed to hold the funds long enough to realize a profit from them.

He said the entire plan has been studied by the research arm of Merrill Lynch, Pierce, Fenner and Smith, the national stock broker firm, who said it could work as it is now written.

"We've got to take some form of corrective action," Allen said, "before public confidence runs out. If the plan were to be implemented in October, it would represent a shift of between \$72 and \$75 billion from the public sector to the private sector and could be accomplished with a balanced budget if it were phased in over five years."

## Two arrested in one of string of burglaries

**BELLE GLADE**—City police officers arrested two Belle Glade men 12 minutes after receiving a complaint about a burglary Tuesday.

Charged with the burglary of the home of Theo Moore, 300 N.W. 11th St., Lot #5 were James Albert McDonald, 18, of 224 S.W. Sixth St. and Ronnie Lee Rumph, 18, of 300 N.W. 11th St., Lot 30.

Detective Curtis Stambaugh said the arrest took place at Rumph's home, where he lives with his sister, at 9:40 a.m. Tuesday. Stambaugh reported the break-in apparently took place about 9 a.m. and was reported by a neighbor at 9:28. The witness directed police to the mobile home where Rumph and McDonald had fled to.

Stambaugh said he didn't know what was missing in the burglary because the occupant of the mobile home, which is located next to the mobile home occupied by Rumph and his sister, is out of town and hadn't been reached.

He said the break-in was apparently through a back window and after the two gained entrance, they knocked a padlock off an inside rear door.

Stambaugh said the Moore

home was ransacked, with papers strewn over the floor, drawers pulled out and emptied and other objects scattered about the interior.

This was the third burglary in three days bearing similarities reported by police. The first break-in was at the home of Mrs. Ida Mizell, owner of Sunset Heights Nursing Home, at 241 S.W. Ave. B on Sunday. A Detective, Chancie Jordan, reported that break-in when he found the rear door open as he went to Mrs. Mizell's house to feed her dogs.

The other break-in was reported Monday at the home of Arthur H. Bolden of 132 N.W. Tenth St. by his son, Sam Louie Bolden, when the younger Bolden went to his father's home to make a routine check.

In all three instances, the owners were out of town. Stambaugh said police still don't know what was missing in any of the break-ins because none of the three have returned to Belle Glade.

In all three instances, the homes were ransacked. All three homes were in the same general neighborhood.

**HOWELL ALLEN** makes a point to Belle Glade Rotarians.

You can surely tell summer has arrived.

The streets are quiet, many folks are on vacation, and things have slowed down in general waiting for the upsurge to come in August and September.

Those of us who have already had our vacations face a long, hot summer, but we're planning to make the best possible use of the time.

Two new people have joined us at the Herald, Observer and Shield. Cathy Conery, who comes to us from Texas, will be working in advertising and newswriting and Elsie Thomas of Pahokee will be working in the same fields.

Elsie has done a good job of producing copy for the Shield "on her own" over the past several months and she will be working closely with Shield editor Alma Henry to make the Shield more comprehensive than ever.

Cathy grew up in my hometown in Mississippi and recently graduated from college. She was jobhunting and found out the Herald-Observer had an opening. She has been impressive during her first week of work.

Had a talk the other day with Bart Crawford of Pahokee, one of the men now working Lake Okeechobee's Fisheries Utilization and Management Program for the game commission.

The commission has been very active of late in enforcing the provisions of the program and, as a result, things have quieted down somewhat.

I still believe the program is good for the lake. It is also good for the economy. The lake is a commercial fishermen themselves need to be aware of the adverse public relations a small portion of fishermen are creating for all the others.

Sportsfishing and commercial fishing can get along together. But it will take work and understanding on both interests' parts.

Poor Anita Bryant, and poorer Florida Citrus Commission.

Both are caught between the rock and the hard place. If the Citrus Commission fires Anita for her stand against "legalized" homosexuality, there is every chance in the world a massive boycott of Florida citrus could result from people who share Anita's views.

If, on the other hand, the Commission doesn't fire the Sunshine Girl, a boycott may result anyway.

It would appear to me that Anita has taken a stand that is right and in accordance with the majority of Americans. While it may be to her personal advantage to decrease her role in the Save Our Children campaign, it would possibly mean she would be compromising her moral stand.

I don't think she will do that.

The Commission would be well advised to look closely at the situation and consider it from the point of view that they are receiving massive amounts of publicity for Florida's orange juice.

And up until recently, most of that publicity was good. By letting it out that they may fire her for her stand, they seem to have done Florida orange juice little good.

# Opinion

CRACKER CRUMBS

BY DEAN JONES

## Even experts can't read legaleze

It's nice to be proven accurate so quick, even if it does bring up an "I told you so" situation.

We commented only last week that while legal land descriptions are obviously required when it comes to letting people know the whereabouts of property on which action is being considered, a popular description should also be

included to avoid misunderstanding.

And by the time we went to press, a prime example of that kind of misunderstanding was underway on Vaughn Circle. If somebody had included in the legal description of the location of the proposed incinerator and landfill, those people probably would never have gotten in such an uproar.

All the state would have had to included would have been a phrase that the location was, "adjacent to and south of the present city dump."

As it was, it took people who know how to read the jargon of legal descriptions several hours to be sure of where the property described in the letters was located...and there are probably fewer than 20 of those qualified people in the Glades.

For the rest of us poor laymen, the state could have been describing a plot of land in Riviera Beach.

So, okay, class, let's go over the lesson again. If it's worth a public notice, it's worth putting it in language the public can understand.

## Traffic

When the Lake Okeechobee Area Traffic Council protested the cancellation of two bus line runs through Belle Glade, without a hearing by the Public Service Commission in the area, it was a reasonable request.

As Council members Pat Drake and Morris Fletcher said, this is only the latest move in a long series stretching over several years' time of decreasing service to the Glades area, not only in bus service but in a wide variety of services. Trailways International claimed low profits as the reason for wanting to shut down the 10:15 a.m. run from West Palm Beach and the 9 p.m. run to Miami.

That may be true but the company, since it operates a franchise, should be required to prove that allegation at a local hearing before the PSC allows the discontinuance of services.

The 10:15 run in particular is used by local merchants for transporting merchandise from West Palm Beach and the cancellation of just that one run would mean a two-day wait for the 50-mile trip.

There's little enough freight service to the area as it is. We don't need a drop of still less.

## Do it yourself

In a town which has past "died" during the long, hot summer, it's good to see both a choice in recreation for youths being offered.

The lack of recreation, particularly during the off season part of the year, has been one of the major complaints about Belle Glade but both the city and one of the city's newest churches are offering recreational programs.

It's gratifying to see the city take a leading role in providing something for youths to do but it's even more gratifying to see the membership of the Apostolic Church of Jesus Christ on West Canal Street South expanding the program it began last year.

The Rev. J.P. Feld, pastor at the church, has stressed that the program is taking place on the church grounds and he isn't emphasizing the church to those children who take part in the varied activities. He and his congregation are to be commended on working on their own to expand the program to include softball, baseball, art instruction and participation in such a wide variety of activities as basketball, wrestling and skateboarding.

The important point is that in a time when too many people wait for government to provide every service from the common defense to softball diamonds, the people of the Apostolic Church have gone ahead and done the job without waiting on anyone else.

It's good to see not everyone is willing to simply wait for Washington.

## This is the best?

The Florida legislature besides its failure to come up with a budget for the state, also failed to do anything for the state's motorists.

Despite claims the auto insurance bill passed is the best ever for the state, it did little except legalize the lack of responsibility of those who can't afford the rates being charged or who decide they simply don't want to be bothered.

Sure, insurance rates are high. And they're going to stay high as long as juries award judgments which would have been considered ridiculous and outrageous a few years ago.

Those judgments were part of the target being attacked earlier during the legislative session by a plan promulgated by Insurance Commissioner Bill Gunter. Gunter's plan would have disallowed lawsuits based on other than actual damages and the costs for those damages.

Operating under the attitude insurance companies are voracious of wealth to be tapped by individuals at no cost to other individuals, juries have awarded higher and higher judgments.

Since civil trials are the bread and butter of attorneys, and most legislators are attorneys, it wasn't particularly surprising the legislature overwhelmingly struck down Gunter's plan.

With a history of passing laws which are little more than "lawyer's relief" packages, it would have been too much to expect for our lawmakers to pass a law which might have provided relief for the state's motorists...not when it might also restrict attorneys' income.

But we can take consolation the next time a car plows into ours, and the owner of that car hasn't been able to afford to pay the high rates of insurance, is within his rights by not being responsible.

At least we have the right to sue him. The suit may not do us much good until we learn how to get blood from stones but we have the right to sue.

And we've protected the right of two more attorneys to practice their occupation in still another argument...even if one or both are paid by the taxpayers.

## Now is the time for all good men

With the first day of qualifying for the Sept. 13 Belle Glade city election coming up on July 15, now would be a good time for potential politicians to consider throwing their hats in the ring.

Complaints about political actions are common, not just here but everywhere; but the number of people who think they can do a better job than the incumbents is always greater than the number who decide to do something about that belief.

It's in the American tradition to get involved in politics but

that tradition is in a decline, with the typical American feeling proud of himself when he's voted in an election.

That's good, of course, to get that involved; but it's still only minimal involvement and someone must be running for the office for the rest of us to vote for or against.

The only requirements to run for city office is to be a qualified elector and to pay the \$25 qualifying fee.

That's little enough to insure the competition which buys the voters a choice for who will represent them in the political office which most directly concern them.

Joyner answers plant problems

BELLE GLADE—Gene Joyner, Urban Horticulturist, Palm Beach County Cooperative Extension Service, will be holding a plant clinic and his monthly horticultural seminar on Friday, July 1, open to anyone free of charge.

The monthly seminar will cover the topic of lawn care, when Joyner will answer questions about lawn problems during his free lawn maintenance seminar lasting from 9 a.m. until 11 a.m. at the Belle Glade Courthouse Complex. The plant clinic will be held at the Glades agricultural office (2979 State Road 15, Belle Glade) from 1 p.m. until 3 p.m.

Yaphet McGriff is graduate

BELLE GLADE—Yaphet McGriff, son of Mr. and Mrs. Fred McGriff of 909 Bethune St. in Belle Glade, graduated from Okeechobee Child Development Center June 9.

He will continue his education at Gove Elementary. His hobbies are going to the beach, listening to music and going to the movies. Yaphet is a former student in Mr. Clyde Batt's class at the center.

### CARD OF THANKS

We would like to express our appreciation and thanks to all our friends who called, sent cards, flowers and offered prayers during our convalescence due to our unfortunate accident.

A special thanks to the doctors and staff of Everglades Memorial Hospital and ambulance service. May God bless each and every one of you.

### FOLLOW THE LEADER

REMEMBER when as children you played the game, "Follow the Leader," and the only danger was that you just might fall off the fence and hurt yourself. It was the risk and danger that made you want to prove to all that you were just as brave and strong as the leader. Most of the game was just fun and nobody got hurt.

BUT—then came the day when the leader turned out to be the bully of the neighborhood, who led you further away from home and ever greater obstacles to a higher and more desirable future. You grew faint from fear, fell and got hurt; then you were carried home to a mother's loving care.

NOW, years later, are you still playing the game without really knowing the facts about the leader? Remember this game is not being played in the back yard. This one is in the plant or office where you work, your church, clubs, city, county and state. Oh yes, even far away on the banks of the Potomac River.

THINK! Study and examine the motives of all who try to set themselves as your leaders. If you are not careful, these leaders could turn out to be the bullies of your childhood days.

To be a good American you must be positive in your judgment.

SUPPORT YOUR AMERICA!

## Wedding vows renewed

Mr. and Mrs. Robert J. Schroder, former residents of Pahokee, renewed their wedding vows in an impressive ceremony during a reception hosted by their son, Robert W. Schroder, on their fifteenth wedding anniversary Sunday, June 12th at 3:00 p.m. at the Ramada Inn, 1800 Palm Beach Lakes Blvd., West Palm Beach.

The Rev. Frank Edwards, of Good Shepherd United Methodist Church, West Palm Beach, the couple's pastor and the Rev. Ballard Wilson, of The First United Methodist Church, Pahokee, their former pastor, officiated at the double ring ceremony.

Mr. Marshall Lair, their best man stood with him and was also

in the receiving line. Soloists for the occasion were: Mrs. Frank Edwards who sang "Mona", Mrs. Jeanne Lodge, "Day of Golden Promise"; Mrs. Hugh Branch, "My Wonderful One" a favorite song of the honorees, and "Two Eyes of Blue". Mr. Art Steel sang the "Lord's Prayer" at the conclusion of the ceremony. Accompanists were Mrs. Barbie Rosenberg, who played favorite songs of the honorees during the party and Mrs. Pat McCouley, Mrs. Jesse M. Elliott arranged and presented the lovely program.

Mrs. Schroder wore a yellow polyester gown, with full skirt, fitted bodice and a chiffon drape. Her corsage was yellow rosebuds with babybreath.

Mrs. Elliott, each of the soloists, accompanists and those assisting with the party each wore a yellow rose bud with babybreath, the women wearing corsages and the gentlemen boutonieres.

The refreshment and head tables were laid with gold cloths and draped. They were centered with arrangements of yellow roses and babybreath. Similar arrangements centered the guest book and gift tables. Guests sat at tables with gold cloths and centered with large gold candles encircled with a garland of flowers.

Others assisting with the party were Mrs. Jess Elliott and Mrs. Minter Collins, who were also head of the receiving line. Mrs. Kenneth Willis and Mrs. Ellis Murphy, a niece of the honorees served cake. Mrs. Robert A. Smith, also a niece, and Mrs. Chester Mullis, a great niece, poured punch. Mrs. Charles Kennon, a niece, was in charge of the gift table and Miss Tanya Schroder, granddaughter of the honorees, was seated at the guest book.

A buffet lunch, cake and punch were served to the 125 guest attending the reception.

## Jernigan-Adams engagement told

PAHOKEE—Mr. and Mrs. Charles D. Jernigan, of 2225 East Main St., Pahokee, are proud to announce the engagement of their daughter, Lisa Joy, to Terry Reed Adams.

Mr. Adams is the son of Mr. and Mrs. D.A. Adams of 246 Cypress Ave., Pahokee.

Miss Jernigan is a 1976 graduate

of Glades Day School and is presently employed with the Wind-Dixie Baking Office.

Mr. Adams is a 1973 graduate of Pahokee High School and is presently employed with Glades Ag Service.

Plans are being made for a November wedding.

### Blackwell-Wagner final plans are told

CANAL POINT—Plans have been announced for the wedding of Miss Linda Diane Blackwell of Canal Point and Arlington, Va.

and Dennis Eugene Wagner of Schwartz, Texas and Washington, D.C., which will be an event at the United Methodist Church in Canal Point, Florida, July 1, at 8 p.m. with Rev. Daniel Casselberry, pastor of the Church, and Rev. Enoch Finkles of Pelton, S.C., to officiate at the double-ring candlelight ceremony.

Miss Blackwell, who will be given in marriage by her father, W. Eustice Blackwell, has chosen for her attendants Harriet (Bunny) Cooper of Arlington, Va., maid of honor; Jamie Gibson and Mrs. Charles Collier of Canal Point, and Vickie Wagner of Schwartz, Texas, sister of the bride-groom-elect, bridesmaids. Kimberly Ann Sanders of Hilton Head, S.C., young cousin of the bride-elect will serve as flower girl.

Raymond Wagner of Schwartz will be his son's best man. Ushers will include Michael Sanders of Hilton Head, S.C., cousin of the bride-elect; W.E. (Bill) Blackwell, Jr., brother of the bride-elect and Gene Hinson, both of Canal Point.

The program of nuptial music will be presented by Miss Lois Zaccagnino of Pahokee, organist, and Wayne Shands of Orlando, vocal soloist. The reception following the ceremony will be in the social hall of the church.

No formal invitations are being issued locally but all friends of the couple are cordially invited to attend both the wedding and reception.

### Births

## Teams move forward in women's softball

By Karen Hansford

In the second week of Glades women's softball action, the team of Local 2152 upped its record to three wins and one loss by defeating Miami Herald and South Bay Growers at the Belle Glade Little League Ballpark.

Local 2152 took an early lead in the game held Thursday, June 14, scoring one run in the first inning, three in the second and seven in the third inning before the Miami Herald offense could get going. Wanda McMillan almost added another run for the team after rounding the bases on an error-filled hit but was tagged out at homeplate by Miami Herald catcher, Julie Beck.

Jeanie Redd and Donia Adams made it to base on errors, then Mary Norman walked a two-base hit into left field for the runners to score for Miami Herald. Each team added a run in the fifth inning then Local 2152 pushed one more across in the top of the last inning for a score of 13 to three.

With two outs in the bottom of that inning, Miami Herald were favored with a disputed call and rallied for six runs, one a homer pulled in by a 20-7 triumph.

The second game of the evening found the blue-jerseyed Dixie Fried Chicken girls edging by Glades Sugar, 16-13, for their first win of the year.

With both teams going for four in the first inning, Dixie Fried pulled ahead by six runs in the

next to take the advantage. Sharon Humphries and Terry Crawford hit doubles for the team and Julie Clements doubled for Glades Sugar.

Judy Snyder and Rosa Goodbread added two for Glades Sugar in the bottom of the third inning while Dixie Fried Chicken was held to one each in the third and fourth.

Terry Crawford whacked a triple into the field and scored one of three runs for the winning team in the top of the fifth, then Glades Sugar rallied for six to pull within three runs and one error in the sixth inning to make it 15-13. Julie Pate made up for previous strikeouts with a long triple and then scored on Sharon Humphries' hit as Dixie Fried held Glades Sugar to no more runs for the win.

In Thursday's action, Barbara Morgan was the leading hitter for Local 2152 against the team of South Bay Growers with a triple, double and a single, driving in at least four runs and scoring three others. The green and white clad girls for South Bay had taken a three run lead in the first inning on runs by Janet McKinley, Susan Moss and Judy Johnson, then added another two in the second before the Local 2152 batters began wielding their sticks and powerhoused 20 runs in five innings for a 20-7 triumph.

Donna Garcia smacked out two doubles for the winners. Wallis Pharmacy topped Glades Sugar nine to five in the other game that night to remain undefeated. Cheryl Waters hit slapped a double into left field to knock in two runs in the first inning for Wallis to take a slim lead over Glades Sugar's one run by Judy Snyder.

Glades Sugar tied the game in the third inning when Lisa Scott and Barbara Sniffen rounded the bases. Rhonni Cox scored for Wallis Pharmacy in the bottom of the inning. Frances McLeod and Ronnie Pike added another two runs in the next for Wallis and Ronnie Pike added another two runs in the next for Wallis to take the lead again. Both teams made a run in the fifth inning and in the top of the sixth Rhonda Gamble scored for Glades Sugar to trail by only one. The Wallis batters then put the game away when Karen Hansford, Doris Velez and Annette Davis came in for the team's third victory of the season. Glades Sugar remains winless.

## Sports

### Chem Air gets first win of softball year

PAHOKEE—The Pahokee, Men's Softball League played a triple-header on Monday night in order to make up a rained-out game between Wedgworth and Hilyer & Lee.

Wedgworth beat Foodway in the first game 22-6. Their 22 runs were on 21 hits, eight of them being homers. Gary Bradshaw hit three of Wedgworth's homers with Mike Burkett hitting two and M. Shoemaker, E. Buckner and A. Ballard each hitting one.

Roger Dunnaway hit Foodway's only round-tripper with M. Parrish, D. Smith, S. Lanham, S. Bethea and E. Sain each getting hits.

In the second game, Union defeated Hilyer & Lee 23-19. E. Milliron slammed two homers for the winner. Also hitting homers for Union were D. Morris, M. Poza and W. Salvatore. Willie Lee got two HR's for H & L and B. Walker hit one.

The third game of the night proved to be an exciting one. Hilyer & Lee came out victorious over Wedgworth in the last inning, winning it 9-8. Going into the seventh inning, Wedgworth was leading 8-7. Ronnie Huff got on base with a single and Mike Frazier homered to score two runs. Wedgworth was unable to score in the bottom of the seventh, giving H & L the win. R. Huff was three for three for H & L and hit two homers. C. Bradshaw hit two out of the park for Wedgworth and T. King, M. Burkett and Kenny Martin each hit one homerun.

In Tuesday's action, PPI beat First Baptist Church 21-9. PPI led all the way on solid hitting and two homers by J. Curtis and one homerun each by P. Rodriguez, T. Butler and R. Butler. Petie Rodriguez got his homerun the hard way—an inside park homer. FBC's two homers were by J. Clark and R. Ellis.

The second game was a close one with Hatten Bro. beating Chem Air 11-10 on a disputed play in the

bottom of the seventh. Chem Air out hit Hatten by 14 to 13 but were unable to cash in on a win. There were no homers by either team. Ralph Sans was three for four for the winners and Mike Abner went four for four for the losers.

Chem Air chalked up its first win Thursday night by defeating FBC 8-7. FBC led 1-0 until the third when Chem Air exploded to score six runs. Chem Air held onto the lead and FBC's one run in the seventh was not enough. No homers were hit by either team. Escobar, Lassiter and Walston each got two hits for FBC and Chuck Hager was two for three for Chem Air.

Hilyer & Lee defeated Foodway 19-6 in the second game. K. Harvey was two for three for Foodway. Mike Frazier had an outstanding night at the plate for H&L getting two doubles, two singles and a homerun in as many times at bat. Ronnie Huff hit two homers for H & L and W. Lee hit one.

### Church kicks off recreation program

BELLE GLADE—The Apostolic Church of Jesus Christ kicked off its free Recreational Summer Camp Program Tuesday.

The camp is for all children aged six and up and all interested adults. Volleyball, softball, basketball, and ping pong will highlight the first few days of the camp, which begins at 10 a.m. daily and continues until 3 p.m.

This Saturday at 1 p.m., the church will sponsor a Belle Glade "first", a skateboard contest in

which all competing contestants will win something. First prize in the skateboard contest will be a custom made fiberglass skateboard with an estimated value of \$70.

Another program, featuring "supergraphics" will be conducted by Ann Tyler and holds great promise of reward. Parents are being asked to "bring your children and a sack lunch to the camp, located in the church at 1316 W. Canal St. South,

Mr. and Mrs. Gene Chestnut of Ft. Lauderdale used black worms on Saturday to take 10 bass with a total weight of 30 pounds.

Belle Glade fishermen Richard Gill and David Goodlett tried their hands at bluegill fishing on Wednesday afternoon and came in with 40 nice ones.

6A-HERALD—OBSERVER, Thurs., June 23, 1977

## Summer fishing can be productive

By Nan Corbin

Local angler Doug Bowe, fishing with Bootsey Weathers of Ft. Myers, proved again this week that summertime fishing on Lake Okechobee can be productive by fishing in the deep channels using plastic worms and deep running lures such as the Hot Spot. Doug and Bootsey came in on Friday afternoon with one at 8 pounds 8 oz., one at 7 pounds 12 oz., another at 6 pounds 12 oz. and seven smaller ones.

Another Belle Glade fisherman, Derrell Mathis, fished with John Munday of Pahokee on Wednesday afternoon. This pair brought in 12 bass from 2 1/2 pounds to 7 1/4 pounds each.

Ted Weygant of Belle Glade came in on Thursday morning with 7 nice bass using Hot Spots. 10 year old Brian Duglar used a black worm with red tail on Friday to take his 7 pound 4 oz. bass. Brian was fishing with his grandfather W.W. Ward of Ft. Lauderdale.

Mr. and Mrs. Gene Chestnut of Ft. Lauderdale used black worms on Saturday to take 10 bass with a total weight of 30 pounds.

Belle Glade fishermen Richard Gill and David Goodlett tried their hands at bluegill fishing on Wednesday afternoon and came in with 40 nice ones.

There were several other catches of bluegill and shell-crackers over the week end and a few specks continue to come in most in the late afternoon and at night.

## South Bay applies for grant

**SOUTH BAY**—The City Commission met in special session with a representative of the Farm Home Administration Tuesday afternoon and officially applied for \$2 million, \$950,000 in grant money and \$1.05 million in long term loans, to update the city's water and sewer system.

The request culminates a long standing project orchestrated by Barker, Osha and Anderson and includes a refunding of two city bonds along with work to be done on the city's water and sewer plants and distribution and collection systems.

The commissioners acted in regular session Tuesday night to cap another long-term project by officially accepting a pension program for city employees.

The plan, which replaces the city's former plan, is referred to as a "money purchase" plan, with

employees being given the right to have up to 5 per cent of their salaries used as the basis of a retirement fund, with the city matching the employee's in put up to 5 per cent.

Should the employee stay with the city for ten years, he is

eligible to draw on the city's input as part of his retirement income. Employees will meet with Lewis Irby, a representative of Gulf Life Insurance Co., in the near future to determine how many wish to take part and to what extent.

**IN A LAND** generally flat as a billiard table, the City of Belle Glade is building its own landfill, scheduled to be 40 feet high and in the form of a three-sided pyramid, made of garbage. The city's sanitary landfill is expected to be completed within two years but

another landfill is projected immediately south of it, to be used by the cities of South Bay, Belle Glade and Pahokee and Palm Beach County. The new site will also house an incinerator and a mulch plant.

## Dr. Orsenigo chosen by board

**BELLE GLADE**—Dr. Joseph Orsenigo, who has maintained an interest in the Lawrence E. Will Museum as a member of the Glades Historical Society, was chosen Monday to coordinate projects in the museum.

Orsenigo was named during a meeting of the Belle Glade Library Board with representatives of the Historical Society and the Belle Glade Bicentennial Committee.

The meeting came about as a result of another meeting by the Bicentennial Committee last week when Committee Chairman Dolly Hand, who is also a member of the Library Board, said the present process for getting anything done in the museum is too cumbersome.

She said at that time there is a committee of Historical Society which is headed up by Orsenigo which is interested in developing the museum but that committee has no real authority.

The authority for managing the museum is vested in the Library Board but, as pointed out last week by Mrs. Hand, the Bicentennial Committee still has almost \$16,000 funds raised for the city's celebration of the nation's 200th birthday.

The museum was one of the Bicentennial projects for the city but with no one to coordinate the facility's development, the funds have been drawing interest in several bank accounts.

Orsenigo was authorized to draw up a list of projects for the museum, assigning priorities, and he also said he intends to invite the idea from the Florida State Museum back to Belle Glade in an attempt to get guidance in how the museum should be developed.

There was some discussion about whether funds should be expended to train a professional museum director and the point was made by Don Fleish of the

Bicentennial Committee that it was his opinion the committee intended to spend the funds on objects rather than intangibles. The Library Board agreed, however, that whoever is in charge of the museum should work under Jenae Gilbert, the city librarian.

In other business, the board turned down a request to allow pictures on display in the museum be removed to have copies made which would be displayed in the Holiday Inn.

## Request to cancel runs postponed

**BELLE GLADE**—A request to cancel two runs to Belle Glade by Trailways Continental, Inc. on June 22 has been delayed according to a report by D.E. Dempsey of the Florida Public Service Commission.

Dempsey said the request to kill the 10:15 a.m. bus run from West Palm Beach to Fort Myers and the 9 a.m. run to Miami hasn't been denied yet but there have been enough protests investigations are being made in five districts throughout the state.

Two PSC investigators from West Palm Beach were in Belle Glade last Wednesday and Thursday to investigate complaints made by local merchants, specifically florists in the area, the Chamber of Commerce and the Lake Okechobee Area Traffic Council.

Dempsey said there will almost certainly be a hearing in the Belle Glade area, along with hearings in other parts of the state, before the requests are granted or denied.

## The difference between these two thermostats can save you up to 40% on your air-conditioning costs.

The thermostat in his right hand is set at 73 degrees. The one in the left is set at 78 degrees.

The difference in the thermostat settings is only five degrees. But one little degree can make quite a difference in the cost of cooling. Approximately eight percent in the average fully air-conditioned home!

When you stop to consider that you can still be comfortable at 78 degrees and save on your air-conditioning costs as well, which one would you choose?

Setting the thermostat at a "comfortable" setting is only one way to save money on your cooling costs. Here are some others.

- If your thermometer isn't marked in degrees, place a good thermometer in a room out of the air-conditioning flow to be sure you're maintaining 78 degrees.
- Insulate your attic floor. A sufficient layer of insulation in the attic can cut your costs substantially if your home is fully air-conditioned. It's a good investment. (For further information on

insulation, pick up our booklet "Guide to Home Insulation" at any FPL office.)

- Weatherstrip your doors and windows. (Especially jalousie windows.) It's another good way to keep the heat out, the cool in and the costs down.
- Shade your sunlit windows with awnings, shutters or solar film. Unshaded glass panels, when exposed to direct sunlight, will greatly increase the workload of your air-conditioning unit.
- Use light colors on your walls and roof to reflect the sun. The lighter the color, the less heat absorbed.
- Shade your air-conditioning unit with shrubbery, but don't block the air flow. That way it'll operate more economically and efficiently.

Why are we telling you all this? Because FPL isn't any happier about higher costs than you are. And we want to help you save money and energy.

**FPL**  
FLORIDA POWER & LIGHT COMPANY

## Election

Continued

methods. Once the poll closes, the ballot cards are hand-fed into a counting machine which tallies up the results.

Another first will be the use of the new Belle Glade Fire Station in McDonald Park as the polling place. The new station isn't completed yet but will be ready by the time of the election.

Of the three commissioners whose seats become vacant by the 1977 election, Harris, should be expected to run for re-election, will be seeking his second term. Great would be running for his fifth consecutive term and Farmer for his seventh consecutive term.

During their combined 20 years of experience on the commission, Farmer has served three one-year

terms as mayor and Grear has been mayor for one year.

Commissioners serve two-year terms and are responsible for attending at least two meetings per month, on the second and fourth Mondays. They are paid \$500 per month as commissioners; \$550 per month if they're chosen vice-mayor and \$600 if they are named mayor by their fellow commissioners.

Besides being a member of the fourth highest paid city commission in the state (only city fathers of Jacksonville, Tampa and Orlando make more) Belle Glade commissioners are also eligible for retirement with full vested interest, 11 years after beginning consecutive service.

## Part-time teachers are sought

Local people who are qualified to teach at the college level now have an unusual opportunity to apply for part-time teaching at Palm Beach Junior College.

"We are currently updating our files of part-time teachers from the community," says Dr. Harold C. Manor, PEJC president, "and would welcome applications from anyone with the proper training and skill."

In addition to traditional college subjects, PEJC anticipates expansion in the Continuing Education area, where experts in particular subject areas are sought.

"We are fortunate in having many highly qualified people in our community who are willing to share their expertise with our

students," Dr. Manor said. "Our experience with these individuals has generally been good, and we are always interested in finding the best teacher available in our community for any given subject."

Dr. Manor said some of the successful part-time teachers at

the college have come from the ranks of working professionals, and others have been early retirees who want to remain active through teaching.

Those interested should make their first contact with the office of Joseph Schneider, director of personnel

**AGRI-SERVICES, INC.** was opened in Pahokee last Wednesday at 3449 East Main St. Members of the staff are, from left, Larry E. Waters, president; Harold Buchholz (and son), representatives; Ernest Waters, secre-

tary/treasurer; Bryant Waters, vice president; Collins Duke, Gerald Alceico and Bob Lines, sales representatives and Loran Carlton, regional manager.

## Law suit filed in bank scandal

**BELLE GLADE**—Suit was filed Monday against Florida National Banks, Inc. and the Florida First National Bank at Belle Glade by the former president of the bank and his wife, charging the bank and the holding company had used him as a scapegoat in a half-million dollar scandal three years ago.

The suit was filed by Mrs. Eleanor Rogers on behalf of her husband, Frederick Rogers, both of Biloxi, Miss. Mrs. Rogers is asking more than \$1 million in compensatory damages, charging Rogers' health and reputation were both destroyed by the incident.

West Palm Beach by Joseph K. Still, Jr. and Thomas A. Burford, two attorneys in West Palm Beach.

Burford said the suit charges that when an alleged check kiting scheme reportedly engineered by Tom Norton Motors during 1973

cost the bank more than \$580,000 Rogers' superiors made it appear he knew about it and was directly involved in order to collect insurance, to cover the loss to the bank.

That loss was later made good when Florida National Banks took the insurance company to court and later settled out of court.

No charges were filed during or after the scandal against either Rogers or Tom Norton but after Rogers' resignation, which the suit said was forced, Rogers suffered first a heart attack and later a disabling stroke which led to his being declared incompetent.

Burford said the suit he has filed spells out that Rogers, who has been in and out of the Veterans Administration Hospital in Biloxi, is now paralyzed and his wife has assumed control of his affairs.

The suit claims the false accusation against Rogers both

enabled the bank to recover its losses by the insurance company and prevented an investigation, which could have turned up the persons responsible.

## Public Notice

### LEGAL NOTICE

The Belle Glade City Commission will consider adoption of a proposed Municipal Ordinance the title of which is as follows:

An Ordinance of the City Commission of the City of Belle Glade, Florida, relating to alcoholic beverages, providing areas where alcoholic beverages may be sold; amending Sections 4-19, 4-25, 4-26 and adding 4-27 to Chapter 4 of the Code of Ordinances; and providing an effective date.

Said Ordinance will be considered for second and final reading at the meeting of the City Commission to be held at the City Hall, 53 West Avenue A, Belle Glade, Palm Beach County, Florida, at 8:00 p.m., on the 11th day of July, 1977.

All interested persons may appear at said meeting and be heard with respect to said proposed Ordinance, a copy of which is in the office of the City Clerk at the Belle Glade City Hall Annex, 110 S.W. Avenue E, Belle Glade, Florida.

## Nurses adding to staff

## VNA provides personal service

**BELLE GLADE**—In a time marked by complaints about the de-personalization, there is one medical group that is not only adding to its services, it still makes house calls.

The Palm Beach Regional Visiting Nurse Association (VNA) visited 3,920 patients 49,000 times during 1976, including the house

calls made in the Glades by the visiting nurses who service this area.

And for the first time anywhere in the state, the VNA has also added two newly trained respiratory disease aides to the staff, Cathy Myers of the main West Palm Beach office and Rosa

Jackson of the Boynton Beach office, who also serves Belle Glade.

Mrs. Myers and Mrs. Jackson have been trained in such techniques as postural drainage, breathing exercises, emotional support to patient and family, the use and cleaning of sophisticated

respiratory equipment and teaching the patient to follow through the care plan established for each case in consultation with the family's doctor.

The course of study, including 20 hours of classroom instruction, 60 hours of clinical observation and practice under supervision, equips the specialists to cope with patients suffering from emphysema, chronic bronchitis, asthma, cancer of the lung, tuberculosis, pneumonia or recuperating from a stroke with the complication of bronchiectasis with fluid filling the lungs.

Since the students were originally Home Health Aides under the VNA program, they are also able to care for the whole patient on their calls, not just practice limited care as machine technicians.

According to Mrs. Jevne Hosier, recently appointed to fill the newly created position of community relations coordinator for the VNA, the agency experienced a 30 per cent increase in its house calls last year over '76 and provided a large savings in tax dollars which otherwise would have been spent in hospitals and nursing homes.

The private, charitable non-

**CATHY MYERS AND ROSA JACKSON**, respiratory disease aides for the Palm Beach County Visiting Nurses Association, look over some of the equipment they use in their work. The two women have just been added to the staff of VNA, which services patients in the Glades area.

profit corporation is supported by United Way and other such agencies and helps patients to recovery while staying at home, changing dressings, giving injections, providing direct therapy plans and treatments prescribed

by doctors, help with baths and associated services. "During the period of recovery and rehabilitation," Mrs. Hosier said, a patient's money may run out but the VNA doesn't. We still make house calls.

## South Bay election looms

**SOUTH BAY**—Two members of the City Commission will have to make decisions in the near future about whether they intend to run for re-election to their seats in the Sept. 6 city election.

City Clerk Virginia Walker said the qualifying period for the election begins July 8 and ends

Aug. 13 while voters who must register before casting their ballots will have until July 22 to get their names on the books.

Up for re-election, should they decide to try for another term are Commissioners Billy Wells and Jay Smith. The elections are at-large and any city elector may

qualify to run against either candidate by filing a \$25 fee, up from the fee of \$1 last year.

Electors will have their first chance this year to vote with the new computerized ballots. Mrs. Walker said a sample ballot booth is now located in the city hall and anyone who wishes to familiarize themselves with the new procedure can come in and try it.

Elections winners would meet the first and third Tuesdays of the month, plus special sessions and workshop sessions. For their efforts, they are paid \$175 per month or, if named mayor, \$200 per month.

If you're ever in a French, Spanish or Italian speaking country don't turn on the faucet marked "C" to get cold water. It stands for the French *chaud*, the Spanish *caliente*, the Italian *caldo*—all meaning hot.

## Pastor and members to attend convention

PAHOKEE—The Church of God, in the state of Florida, will be holding its annual convention and camp meeting in Wimauma, Fla. from June 27-July 3. State overseer, Reverend Bennie S. Triplett, has invited Doctor Charles W. Conn, president of Lee College, Cleveland, Tennessee to be the Bible teacher each morning at 10:00. Dr. Conn will be teaching on the subject of a balanced church.

The evening speaker each day at 7:30 p.m., is Carl Richardson, an internationally known radio and television preacher. Reverend Richardson's radio program, "Forward in Faith", sponsored by the Church of God is heard over 400 radio stations around the world.

The meeting will also feature a massed choir of some 500 voices and special soloists. The Churchmen, who will be supporting Reverend Richardson, are internationally known trio from coast to coast on television and recently

sang on the capital steps in Washington, D.C., as a nationwide television special was being filmed.

Pastor Ben McGlamery of the Pahokee Church of God, who will be attending the meetings together with his congregation, anticipates that there will be up to 10,000 persons for the great meetings. Pastor McGlamery who can be contacted at 185 S. Barfield will be happy to answer any questions and give directions to Wimauma camp grounds.

The Church of God, which is the fastest growing denomination in the United States of America and one hundred countries around the world, is dedicated to the tasks of doubling in a decade. The camp meeting to be held at Wimauma, will be integrated into this great task of evangelism and the church heartily invites all to participate in this time of worship and Bible instruction.

## Pahokee Methodists honor Todds, Schroders

PAHOKEE—Two couples who are celebrating anniversaries totaling one hundred and ten years of marriage will be honored at Pahokee First United Methodist Church this coming Sunday.

Mr. and Mrs. Mack Todd are celebrating sixty years of marriage on June 21, and Mr. and Mrs. Bob Schroeder will mark fifty years together June 29. These two couples will be honored at the eleven o'clock worship

service followed by a covered dish dinner in the fellowship hall. Friends of the Todds and Schroders are invited to participate in this celebration.

## New pastor installed at St. Peter's Lutheran

BELLE GLADE—The Rev. Kenneth Larson will be installed as pastor of St. Peter's Lutheran Church, Belle Glade, Sunday, July 3.

The service of installation to which the public is invited will begin at 3:30 p.m.

Pastor Larson comes to Belle Glade directly from Concordia Seminary, Fort Wayne, Indiana, where he was graduated with a Master of Divinity Degree on May 20, 1977.

He also holds a B.S. Degree in

general engineering from the University of Wyoming.

Pastor Larson replaces the Rev. Norman R. Springer, who accepted a call to Our Savior Lutheran Church, Zephyr Hills, last September.

Serving the congregation in vacancy was the Rev. William J. Schepman, Pastor Emeritus, Redeemer Lutheran Church, Stuart.

The Rev. Mr. Larson comes to Belle Glade with his wife, Jeanette, and their two children, Renee, 11 and Richard, 10.

## Old Fashion church picnic is scheduled

An old-fashioned church picnic sponsored by the Pahokee and Canal Point Ministerial Association will be held Saturday, June 25, at the Canal Point Community Park on 441, at 5:30 p.m.

It will be a time for good eating recreation, and at 7:30 p.m. a concert on the grounds by "Sunshine and Company" of Community United Methodist Church, Casselberry, Florida.

They will present songs from the musical "The Church That God Built With Love".

## Services said for Mr. Parker

PAHOKEE—Henry Harris Parker, age 72 of 230 East 7th Street, Pahokee died Thursday, June 16 following a long illness. He was a native of Tippettville, Georgia and a resident of Pahokee since 1939. He was a retired service station operator.

Survivors include his wife, Blanche; step-son, Phil Bonnell of Pahokee; Brothers, Roy Parker of Pitts, Georgia and Earl Parker of Middleburg, Florida. Sisters, Mrs. Ruby Kidlighter of Jacksonville, Mrs. Myrtis Moye of Albany, Georgia and Mrs. Dorothy Maye of Coral Gables, Florida and five grandchildren.

Services were held at 10 a.m. at the Wetherington Funeral Home Chapel with Rev. Carl Storey officiating. Interment was at Port Mayaca Cemetery. Pallbearers were: Larry Hyslop, Joe Cortes, Juan Santos, Julian Branch and Charles Angel. Wetherington Funeral Home was in charge of arrangements.

### CARD OF THANKS

We would like to express our appreciation and thanks to all our friends who called, sent cards, flowers and offered prayers during our convalescence due to our unfortunate accident.

A special thanks to the doctors and staff of Everglades Memorial Hospital and Ambulance Service. May God bless each and every one of you.

Edith and Charles Modecki

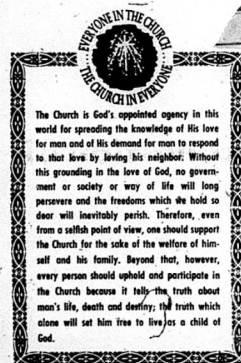

### CARD OF THANKS

We would like to thank all our friends and neighbors for their visits, cards, flowers and food during our recent loss of our beloved mother, Osa M. Lee. We would especially like to thank Dr. Luis Guerrero and the staff of Glades Central Hospital, the Emergency Room staff and the City of Belle Glade Emergency Medical Team. God Bless Rev. Mark O'Farrell and members of the Missionary Alliance Church of Belle Glade for visits and prayers during our sorrow.

Mr. and Mrs. Eddie Langdale and Mike  
Mr. and Mrs. Ronnie Lewis and family  
Mr. and Mrs. Billy J. Lee and family  
Mr. and Mrs. Roy C. Lee and family  
Mr. and Mrs. Gene Lambert and family  
Mrs. Frances Lott and girls  
Mr. and Mrs. James Forrester Jr. and family

## OUTMODED EQUIPMENT

This young man certainly won't get much real cleaning done with this broom. A modern street cleaning machine would do the job so much better. His straw broom makes us think of how we try to get along without God, without spiritual values, without church. Our life would be so much better if we would exchange this life for one that knows God and practices His precepts. Without church and God we have little or no spiritual equipment. Hearing God's word preached, being with his people, working in His church, helping others through the church all give us the spiritual equipment we need for meeting life. We invite you to attend this week and make a habit of coming to God's house.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long endure and the freedoms which she hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

VIRGINIA ANDERSON

## Business Personality

Virginia Anderson is the owner/manager of the Town and Country Shop and has been for eleven years. Originally from Miami, Virginia says she "considers Belle Glade home."

Mrs. Anderson is especially happy now, because the Merle Norman Studio in her fashion shop was recently licensed under the State Board of Cosmetology. Her store now has four licensed cosmetic demonstrative specialists who are willing and able to serve any individual.

Before coming to Belle Glade, Mrs. Anderson was the secretary to the fashion coordinator at Burdine's in Miami. She also graduated from the Miami School of Modeling.

Mrs. Anderson is married to Frank C. Anderson, the Director of Finance for the city of Belle Glade. They have one daughter, Pat Deves, who resides in Lantana.

## Minding the Store

### Summer not so slow, new business opens

By Andy Campanaro

For those residents who went through the 1928 hurricane, and have a number of years left, it may as well be faced that things won't ever be the same again.

Belle Glade is moving, slowly but inexorably, out of the pioneer state that has characterized us as "muskies" on the coast for so long. Surely, we are still a one-industry area — agribusiness — but even that industry needs scores of accessory businesses to keep rolling.

The oft-feared summer doldrums are getting better every year as farmers gear up for the next seasons with new tractors, tire replacements, bearing replacements, and in the case of some in the area see new roads bringing in new business.

Certainly, existent businesses already feel brave enough to either add on or build anew. There are new buildings going up for commercial purposes almost every week. There's a new building going up next to Hydraulics Supply, Inc. and another concrete block building going up on Avenue B across from the Post-Times Office.

The new rental properties down on Avenue E near Royals Plaza are already rented yet, for the first time since this writer has been here, there are efficiency apartments, trailers and houses for rent at prices almost equal to more overbuilt areas in Florida.

Agri-Services Inc., Larry E. Waters, president, has opened an office at 3449 E. Main Street, Pahokee, to promote sales and service of Na-Churs liquid fertilizer in the area.

The Pahokee office will serve all of Central Florida and was picked because Pahokee is the firm's statistical center for agricultural Florida, and 50 percent of the firms needing the fertilizer are in the Glades.

The firm is the "only one in the United States licensed by the Atomic Energy Commission to use radioisotopes in determining nutrition and health of roots and leaves in vegetables, sugar cane, pasture grass and sod, citrus and tropical foliage.

Harold Buchholz will be working with the area, with Collin Duke, Gerald Weebo, Bob

Lines all sales representatives covering the area.

Waters, the president, is a native of Wuchula and had handled sales in the Glades the past two years, has been appointed to head up the southern Florida division. Teaming up with his wife, Lynne, who is the secretary and bookkeeper, Larry says they are looking forward to living and working here.

Na-Churs is the liquid fertilizer they'll be promoting. "Farmers all over the nation have shattered the myth that only the roots of a plant absorb nourishment," Waters says. "Now it's a scientifically researched fact that plants absorb food more quickly and more efficiently through the same skin" that for years was thought to be water tight."

With the use of radioactive isotope tracers, experiments have shown that a few droplets placed on any part of the plant are absorbed and sent through the entire plant.

In its program for the grower, Agri-Services offers a soil and leaf tissue analysis for recommendations of dry fertilizer and the proper amounts of minor elements that the plant needs at the time of testing. During the growth stress, the analysis, Waters says, is performed under laboratory conditions by company agronomists.

While many different analysis are possible, Waters says, three major ones have evolved, 10-10-10, a basic growth material; 9-18-9, used as a ground application for planting with high phosphorus for a strong healthy root formation, and 3-18-18, which is a maturing material containing considerable potash.

This may not have that much to do with business, but call it old Andy's community service. The Apostolic Church of Jesus Christ at 1316 W. Canal Street South (996-8535) has a free summer program for children six years old and up (and all interested adults) beginning this Tuesday (June 21st) at the church grounds from 10 a.m. to 3 p.m.

Parents are to bring their children with a paper sack lunch. Free Koolaid and sodas at a quarter a piece are available there. Local artist Ann Tyler is teaching supergraphics as a basic art course; Carlos Rosas (a champion wrestler from Glades Central High) is teaching wrestling techniques; Lynn Parson, a former physical education teacher, will be working with girls of all ages in a variety of sporting activities; Raoul Paez, an all-conference baseball player, will be sharing with the children techniques in hitting and fielding. The church is sponsoring this program completely free to all families of the community, but donations are in order from concerned parents and community members. Specific needs, says J.P. Feld, pastor and program director, are a baseball backstop, muck fill and swings.

#### TIDBITS

Congrats to Jimmy Spires, manager of the Ave. A Glades Mercantile store, who placed seventh recently in a state bowling tournament composed of hundreds of bowlers from all over the state — from Pensacola to Key West. Lynwood Fuller is leaving the Florida First National Bank here to be Vice President and Cashier at the Gainesville State Bank in Gainesville. His effective last day is June 30th and Lynwood says: "I've been here a long time and we're going to miss a lot of people. I enjoyed working and meeting the people here." Best of luck Lynwood, from Belle Glade and Pahokee.

8B-HERALD-OBSERVER, Thurs., June 23, 1977

## Insurance program is a failure

by Bill Gunter

Fla. Insurance Commissioner

Most Floridians are confused about the automobile insurance legislation adopted by the 1977 Florida Legislature.

The legislation appears to have four major implications for Florida motorists.

1. The legislation offers little or no hope for significant relief for auto liability rates.

2. Because it eliminates compulsory liability coverage while maintaining high rates, it will lead to a further increase in motorists driving without liability protection.

3. Because it freezes rates without dealing with the real causes of the high rates, it will make automobile insurance even more difficult to obtain.

4. It does accomplish significant reforms in the regulatory process. Although the fourth item was needed and was a part of the Gunter Plan, it was only part of the program to solve the rate crisis. As Insurance Commissioner, I will stringently enforce the new regulatory laws, but I don't believe this, by itself, will provide significant relief.

It is disappointing that the insurance law passed by the Legislature fails almost completely to deal with the real causes of our auto insurance crisis — impossibly high rates.

The Legislature had a fine opportunity to solve a serious problem — the high cost of auto

insurance — in a way that would have helped all insurance consumers. Unfortunately, the Legislature was unable or unwilling to take advantage of that opportunity.

If the Legislature had adopted the Gunter Plan, consumers could have expected rate relief averaging 30 per cent, without sacrificing liability protection. Because it did not, you will either have to reduce your liability protection or continue to pay high rates which the Insurance Department is powerless to prevent under existing law.

## Hear Merrill Lynch explain 3 ways you could increase the return on your investments

Come to our special "3 in 1" forum—three discussions on better ways to manage your money in today's changing economy. Come to one meeting, or all three—all in one evening.

**Topic #1: "How to increase your after-tax income."** An in-depth look at tax-free municipal bonds. You'll learn why high-grade municipal bonds are among the safest investments you can make. How to tell which bonds are best for your portfolio. Which bonds our specialists recommend right now.

**Topic #2: "How technical analysis can help guide you in today's market."** Learn how to look for trends. How to use technical tools such as price-volume measures, sentiment indicators, and group analysis. How to time your trades.

**Topic #3: "How conservative investors could increase the return on stocks they already own."** All about "option writing"—a relatively little-known investment technique that helps you limit losses while giving a continuous cash flow. Explains the risks and the rewards, plus how to get started. You'll also get a copy of a free 48-page prospectus on The Options Clearing Corporation that gives more facts about option trading.

The Merrill Lynch "3 in 1" forum is free, but space is limited.

## Vida Cristiana Latina

ESCRIBE JOSE ANTONIO GARCIA

Hay vamos hablar del tema de los homosexuales, que por desgracia es el tema del día entre la ciudadanía. También consideremos lo que dice la Biblia al respecto. Todo el que ha leído el libro de Génesis en la Biblia habrá notado que uno de los motivos del Diluvio Universal, fue el exceso de inmoralidad. La inmoralidad, como "Ley Constante" ha precedido a la caída de todo sistema o imperio a

traves de la historia. Ejemplo de esto fueron Sodoma y Gomorra, que fueron destruidas por Jehová Dios debido a los homosexuales que habitaban en ella y que quisieron tener relaciones contratuales con ángeles que se habían materializado como hombres. Por eso hoy un sodomita, es la expresión bíblica para un homosexual. Aparte de los ejemplos de Sodoma y Gomorra, la dinastía de "Los Luises" de la monarquía francesa que con sus excesos, culminó en la Revolución Francesa, y la decapita

ción de María Antonieta y Luis XVI. Podríamos poner muchos más ejemplos de las degeneraciones morales que por lo regular acompañan a las degeneraciones políticas. Es obvio que las religiones según se creen, son "frenos" y una "guía" moral para la humanidad, pero una serie de recortes de periódicos (Títulos) publicados en el libro "Verdadera paz y seguridad; de que fuente? encontramos una información con todo lo contrario, y allí leemos lo siguiente en la página 80: "Es la iniección de la homosexualidad. Después que el movimiento había frugado muchos guías religiosos marcharon comodamente en la retaguardia, de dicho movimiento, que ya había sido secundado por las familias decéntas del Sur de la Florida. Decimos esto, porque el libro de las normas morales de nuestra civilización ha sido la Biblia y las religiones se han denominado: "Representantes de Dios por medio de la Biblia". Par los que han estado "ciegos" por falta de enseñanza bíblica, exponemos a continuación lo que contempla la Biblia al respecto y JUZGUE USTED MISMO... (Usaremos la Biblia católica de Nacar Colunga y el número de sus paginas para su beneficio)

La ley de Moises dice: Si uno se acuesta con otro (Hombre) como se hace con mujer, serán castigados con muerte. (Levítico 20:13, Pag. 150) No con varón te acostaras como con mujer, es abominación (Levítico 18:21, Pag. 148) San Pablo dijo: No sabeis que los injustos no poseeran el reino de Dios? No los engañéis ni fornicarios, ni idolatras, ni adulteros, ni afeinados, ni los sodomitas... poseeran el reino de Dios. (1ra. Corintios 6:9, Pag. 1183) El libro de del apocalipsis llama a los homosexuales: "PÉRRROS" (Apocalipsis 22:15, Pag. 439)

En la ley de Moises no se aceptaban las contribuciones de las ramerías ni de los homosexuales para el templo; al decir: "No lleves a la casa de Yave (El Templo) ni la merced (Contribución de dinero) de una ramera ni el precio de un PÉRRRO PARA CUMPLIR UN VOTO, que lo uno y lo otros es abominación a Yave tu Dios. (La nota al pie de la página dice: El perro es el prostituto llamado con un nombre horrible, Deuteronomio 23:18, Pag. 222) Con este informe no cabe duda de la opinión que tiene el Dios Altísimo y la Biblia del asunto. Todo gobierno, laico, o religión que los apoya esta contra la voluntad de Dios que fue el que dictó las normas morales a la humanidad.

La ley de Moises dice: Si uno se acuesta con otro (Hombre) como se hace con mujer, serán castigados con muerte. (Levítico 20:13, Pag. 150) No con varón te acostaras como con mujer, es abominación (Levítico 18:21, Pag. 148) San Pablo dijo: No sabeis que los injustos no poseeran el reino de Dios? No los engañéis ni fornicarios, ni idolatras, ni adulteros, ni afeinados, ni los sodomitas... poseeran el reino de Dios. (1ra.
